Everyone should have started getting the letters about Open Enrollment for your Medicaid plan. If you have not received that letter let your case manager know. Some plans are leaving some of the Counties and some Counties have added new plans. If you are not sure what to do, you can contact your case manager and they will talk you through the website. If you are happy with your plan and they are still offered in your County, you do not have to do anything. Remember that the plan changes for Pasco and Pinellas Counties will not take effect until June 1st.

Welcome Shonda.

Shonda Richardson has started working with us. She will be following Kerry Ann to get to know her clients so she can cover for her while she is out on medical leave. We are not sure when Kerry Ann will be out on leave but it will be soon. We hope that everyone gets to know Shonda and welcomes her to the foundation.
